

Degree Programs

Associate of Arts (AA) Degree

Associate of Arts in Teaching (AAT) Degree

Associate of Science (AS) Degree

The Arkansas Higher Education Coordinating Board and the Higher Learning Commission of the North Central Association of Colleges and Schools have approved UACCB to offer the Associate of Arts, the Associate of Arts in Teaching and the Associate of Science degrees. The AA degree, AAT degree and AS degree programs are designed for students who wish to pursue a bachelor's degree at a four-year college or university.

Associate of Applied Science (AAS) Degrees

The Arkansas Higher Education Coordinating Board and the Higher Learning Commission of the North Central Association of Colleges have approved UACCB to offer the Associate of Applied Science degree. The AAS degree is not designed for transfer to a baccalaureate program, although some courses in the program may transfer to other institutions.

Disclaimer for the Associate of Applied Science: The Associate of Applied Science Degree is designed for employment purposes, and it should not be assumed that the degree or the courses in the degree can be transferred to another institution. While many institutions do accept some courses in the AAS programs, the general rule is that courses in the AAS degree are not accepted in transfer toward a bachelor's degree. Students to whom transfer is important should get assurance in writing in advance from the institution to which they wish to transfer.

Technical Certificates

UACCB offers Technical Certificates in allied health, business, industrial technology and public service.

Certificates of Proficiency

Certificates of Proficiency are awarded for programs that are less than 18 hours.

Criminal Justice Institute Training for Current Police Officers

The Criminal Justice Institute of the University of Arkansas System and UACCB agree to offer an Associate of Applied Science degree, Technical Certificate and Certificate of Proficiency in Crime Scene Investigation and Law Enforcement Administration. The purpose of the collaboration is to enable those currently employed in the Criminal Justice field the opportunity to further their education.

Credit Programs

Basic Skills and/or preparatory courses may not be used to fulfill any degree/technical certificate or elective course requirement in a program of study. Basic Skills courses include:

- Prealgebra (PRE 0203)
- Reading Improvement (PRE 0303)
- Fundamentals of Writing (PRE 0113)
- Basic Writing (PRE 0503)
- Beginning Algebra (MTH 0003)
- Intermediate Algebra (MTH 0013)*

***Intermediate Algebra** meets minimum mathematics requirements for certain AAS and technical certificate programs. However, because the course is considered a developmental course by most four-year institutions, it may not transfer as a general education mathematics requirement to many colleges or universities.

ARTS AND HUMANITIES / MATH AND SCIENCE (TRANSFER DEGREE PROGRAMS)

Focus Areas under the Associate of Arts Degree

- Business
- General Education
- Liberal Arts

Focus Areas under the Associate of Arts in Teaching Degree

- Middle School Education: Language Arts/Social Studies
- Middle School Education: Math/Science

Focus Areas under the Associate of Science Degree

- Agriculture
- Life Sciences
- General Education
- Mathematics and Physical Sciences

BUSINESS / TECHNOLOGY / PUBLIC SERVICE / INDUSTRIAL TECHNOLOGY

Associate of Applied Science Degree

- Business Services
 - Accounting Focus
 - Administrative Services Focus
 - Banking and Finance Focus
 - Business Administration Focus
 - Computer Information Systems/Networking Focus
 - Computer Information Systems/ Web Design Focus
 - Medical Office Management
 - Health Information Technology
- General Technology
- Industrial Technology
 - Industrial Equipment Maintenance Technology Focus
 - Industrial Electronics Technology Focus
 - Industrial Manufacturing Focus
 - PC Hardware Repair Focus
 - Aviation Maintenance Focus
- Public Service
 - Criminal Justice
 - Early Childhood Education

Technical Certificates

- Business
 - Accounting Support
 - Software Applications
 - Clerical Services
 - Banking and Finance
 - Web Design

- Industrial Technology
 - Industrial Electronics Technology
 - Industrial Equipment Maintenance Technology
 - Manufacturing Technology
 - PC Hardware Repair
- Public Service
 - Early Childhood Education

Certificates of Proficiency

- Early Childhood Education
- Medical Billing and Coding
- Computer Information System/Networking
- Industrial Technology
 - Industrial Electronics Technology
 - Industrial Equipment Maintenance
 - PC Hardware Repair
 - Industrial Technology Manufacturing

NURSING AND ALLIED HEALTH

Associate of Applied Science Degree

- Emergency Medical Technician-Paramedic
- Registered Nursing (LPN to RN Program)
- Online Registered Nursing (LPN to RN Program)

Technical Certificates

- Emergency Medical Technician-Paramedic
- Emergency Medical Technician-Paramedic-Registry Option
- Practical Nursing

Certificates of Proficiency

- Emergency Medical Technician-Basic (EMT-B)
- Nursing Assistant (NA)

Cooperative Program

- Respiratory Care

UNIVERSITY OF ARKANSAS COMMUNITY COLLEGE AT BATESVILLE GENERAL EDUCATION CORE CURRICULUM

The Arkansas Department of Higher Education has established a minimum core of general education courses that will transfer to **most** public Arkansas colleges or universities. The Arkansas Course Transfer System contains information about the transferability of courses **taken after January 1, 2007** within Arkansas public colleges and universities. Students are guaranteed the transfer of applicable credits and the equitable treatment in the application of credits for the admissions and degree requirements. Course transferability is **not** guaranteed for courses listed in ACTS as "No Comparable Course." Additionally, courses with a "D" frequently do not transfer and institutional policies may vary. ACTS may be accessed on the Internet by going to the ADHE website and selecting Course Transfer (<http://adhe.edu>).

UACCB offers the following courses within the state minimum general education core:

English/Communications

Nine (9) hours required

ENG 1103	English Composition I
ENG 1203	English Composition II
SPC 1003	Oral Communication

Three (3) hours required from the following:

ENG 2113	World Literature I
ENG 2213	World Literature II
ENG 2313	Introduction to Fiction
PHI 1003	Introduction to Philosophy

Math

At least three (3) hours required from the following:

MTH 1023	College Algebra
----------	-----------------

Or any higher-level mathematics course for which College Algebra is a prerequisite.

Social Sciences

Nine (9) hours required

Three (3) hours required from the following:

HIS 1013	World Civilization I
HIS 1023	World Civilization II

Three (3) hours required from the following:

HIS 2003	United States History I
HIS 2013	United States History II
POS 2103	United States Government

Life/Natural Sciences

Eight (8) hours required

Four (4) hours required from the following:

BIO 1033/1101	Biology for Gen Ed / Lab
BIO 1103/1101	Biology for Majors / Lab
BIO 1013/1011	Essentials of Anatomy and Physiology/Lab
BIO 1023/1021	Principles of Zoology/Lab
BIO 2003/2001	Anatomy & Physiology I/Lab
BIO 2013/2011	Anatomy & Physiology I/Lab
BIO 2203/2201	Microbiology/Lab

Three (3) hours required from the following:

ECN 2013	Macroeconomics
ECN 2023	Microeconomics
GEO 2003	Introduction to Cultural Geography
HIS 1013	World Civilization I*
HIS 1023	World Civilization II*
HIS 2003	United States History I*
HIS 2013	United States History II*
POS 2103	United States Government*
PSY 1003	General Psychology
PSY 2013	Human Growth & Development

Four (4) hours required from the following:

CHM 1003/1001	Fundamentals of Chemistry/Lab
CHM 1103/1101	College Chemistry I/Lab
CHM 1123/1121	College Chemistry II/Lab
PHS 1003/1001	Physical Science/Lab
PHS 2014	Physics for Health Sciences

PSY 2023	Abnormal Psychology
SOC 2003	Principles of Sociology
SOC 2013	Social Problems
SOC 2023	Cultural Anthropology

**If not selected to meet another social science requirement.*

Fine Arts/Humanities

Six (6) hours required

Three (3) hours required from the following:

FAC 2003	Understanding Film
FAM 2003	Music
FAT 2013	Theater
FAV 1013	Introduction to Studio Art
FAV 2023	Visual Art

NOTE: Some institutions may accept or deny courses listed above. For specific information regarding the transfer of course work, students should contact the institution to which they are transferring.

Degree and Program Requirements

The following curricular guidelines are provided for students enrolled at UACCB. All degree/technical certificate guidelines specify the general education and major course requirements necessary to complete programs of study.

ARTS AND HUMANITIES / MATH AND SCIENCE (TRANSFER DEGREE PROGRAMS)

Associate of Arts Degree

The Associate of Arts degree is designed for students who wish to pursue a bachelor's degree at a four-year college or university. UACCB's AA degree consists of 47 credit hours of general education requirements and an additional 15 credit hours of electives. In the elective component, students may complete any 15 credit hours of college-level courses in order to complete the degree. The electives students choose with the assistance of an academic advisor will depend upon upper-level program intent. Two specific focuses offer choices to assist students who wish to transfer in the areas of business or liberal arts.

AA - GENERAL EDUCATION (62 hours)

CORE REQUIREMENTS

English/Communication - *Nine (9) hours required*

- English Composition I
- English Composition II
- Oral Communication

Math

At least three (3) hours required from the following:

- College Algebra
- Or any higher level math course for which College Algebra is a prerequisite.*

Life/Physical Sciences - *Eight (8) hours required*

Four (4) hours required from the following:

- Biology for General Education / Lab
- Biology for Majors / Lab
- Essentials of Anatomy and Physiology / Lab
- Principles of Zoology / Lab
- Anatomy and Physiology I / Lab
- Anatomy and Physiology II / Lab

Four (4) hours required from the following:

- Fundamentals of Chemistry / Lab
- College Chemistry I / Lab
- Physical Science / Lab
- Physical Geology / Lab
- Physics for Health Sciences

Fine Arts/Humanities - *Nine (9) hours required*

**Three (3) hours required from the following:*

- Understanding Film
- Music
- Theater
- Introduction to Studio Art
- Visual Art

**Three (3) hours required from the following:*

- World Literature I
- World Literature II
- Introduction to Fiction
- Introduction to Philosophy

*Students can choose from either area for the additional three hours in Fine Arts/ Humanities.

Social Sciences – *Fifteen (15) hours required*

Three (3) hours required from the following:

- World Civilization I
- World Civilization II

Three (3) hours required from the following:

- United States History I
- United States History II
- United States Government

Nine (9) hours required from the following:

- Macroeconomics
- Microeconomics
- Introduction to Cultural Geography
- World Civilization I*
- World Civilization II*
- United States History I*
- United States History II*
- United States Government*
- General Psychology
- Human Growth and Development
- Abnormal Psychology
- Principles of Sociology
- Social Problems
- Cultural Anthropology

**If not selected to meet another social science requirement.*

Physical Education - *Three (3) hours required*

- Concepts of Physical Activity

Electives – *Fifteen (15) hours*

To complete the elective component of the degree, students may select – with the approval of their advisor – any 15 hours of college-level credit not selected for general education or other requirements.

NOTE: Some institutions may accept or deny courses listed above. For specific information regarding the transfer of course work, students should contact the institution to which they are transferring.

AA - GENERAL EDUCATION – Suggested Course Sequence

Following is one suggested sequence in which requirements for the Associate of Arts General Education degree may be completed within two years. Students are encouraged to consult with their advisors for a plan that best meets their needs. Note: This plan does not include Basic Skills classes or summer terms.

Fall Semester (15 Credit Hours)

Course Number	Course Title	Credit Hours
__ ENG 1103	English Composition I	3
__ PED 1003	Concepts of Physical Activity	3
__ MTH 1023	College Algebra	3
__	Fine Arts/Humanities Course	3
__	Elective Credit Course	3

Spring Semester (15 Credit Hours)

__ ENG 1203	English Composition II	3
__ SPC 1003	Oral Communication	3
__ HIS 1013 or 1023	World Civilization I or II	3
__	Fine Arts/Humanities Course	3
__	Elective Credit Course	3

Fall Semester (16 Credit Hours)

__ HIS 2003, 2013, or POS 2103	US History I or II or US Government	3
__	Fine Arts/Humanities Course	3
__	Life Science Course/Lab	4
__	Social Science Course	3
__	Elective Credit Course	3

Spring Semester (16 Credit Hours)

__	Physical Science Course/Lab	4
__	Social Science Course	3
__	Social Science Course	3
__	Elective Credit Course	3
__	Elective Credit Course	3
	Total	62 Hours

AA - GENERAL EDUCATION/LIBERAL ARTS FOCUS (62 hours)

CORE REQUIREMENTS

English/Communication - *Nine (9) hours required*

- English Composition I
- English Composition II
- Oral Communication

Math

At least three (3) hours required from the following:

- College Algebra
- Or any higher level math course for which College Algebra is a prerequisite.*

Life/Physical Sciences - *Eight (8) hours required*

Four (4) hours required from the following:

- Biology for General Education / Lab
- Biology for Majors / Lab
- Essentials of Anatomy and Physiology / Lab
- Principles of Zoology / Lab

Associate of Arts in Teaching Degree

The Associate of Arts in Teaching degree is designed for students who wish to pursue a bachelor's degree in middle school education at a four-year college or university. UACCB's AAT degree consists of 35 credit hours of general education requirements and up to 28 credit hours in the middle school education focus for a 60 to 63 credit hour total. Total hours will depend on which focus area is chosen.

Students in the AAT program should research university programs as early as possible. Colleges of education vary somewhat in their requirements, so students should become informed about specific programs.

AAT – MIDDLE SCHOOL EDUCATION: LANGUAGE ARTS/SOCIAL STUDIES FOCUS (62 hours)

CORE REQUIREMENTS in Middle School Education: Language Arts/Social Studies Focus

English/Communication - Nine (9) hours required

- English Composition I
- English Composition II
- Oral Communication

Math

At least three (3) hours required from the following:

- College Algebra
- Or any higher level math course for which College Algebra is a prerequisite.

Life/Physical Sciences - Eight (8) hours required

Four (4) hours required:

- Biology for General Education / Lab

Four (4) hours required:

- Physical Science / Lab
- Physical Geology / Lab

Fine Arts/Humanities - Six (6) hours required

	Total	63 Hours

"My experience at UACCB has been extraordinary, and it has truly enriched my life in so many ways! As a non-traditional student, I was skeptical about starting college at first. I was afraid I would be the only 'older' student there, and I would stick out like a sore thumb. However, everyone at UACCB made my transition to college life a wonderful and exciting challenge. I believe going back to school was the best thing I could have done at that point in my life. It has given me a new outlook on life and has pushed me to accomplish goals I never dreamed I would accomplish. Every instructor I had went above and beyond their call of duty to help me in my educational journey. Fellow students at UACCB even encourage and help each other. I know I have made some lifelong friends while attending UACCB, and I will never forget all the opportunities I have had to enrich my life. I believe these are the things that make a community college so great, and I know I am a better person for beginning my college career at UACCB."

- Theresa Sandefur,
UACCB Graduate

Associate of Science Degree

The Associate of Science degree is designed for students who wish to pursue a bachelor's degree in a science or math field at a four-year college or university. UACCB's AS degree consists of 43 credit hours of general education requirements and 19 credit hours of college-level courses to complete the degree. **It is advised that students work with a science advisor to select courses most relevant to their plans for transfer.**

AS – GENERAL EDUCATION (62 hours)

CORE REQUIREMENTS IN GENERAL EDUCATION

English/Communication - *Nine (9) hours required*

- English Composition I
- English Composition II
- Oral Communication

Math

At least three (3) hours required from the following:

- College Algebra
- Or any higher level math course for which College Algebra is a prerequisite.*

Life/Physical Sciences - *Sixteen (16) hours required*

At least four (4) hours required from the following:

- Biological for Majors / Lab
- Principles of Zoology / Lab
- Anatomy and Physiology I / Lab #
- Anatomy and Physiology II / Lab #
- Microbiology / Lab

At least four (4) hours from the following:

- Fundamentals of Chemistry / Lab #
 - College Chemistry I / Lab
 - College Chemistry II / Lab
 - Organic and Biochemistry / Lab #
 - Physics for Health Sciences
- # For select majors only.

Fine Arts/Humanities - *Six (6) hours required*

At least (3) hours required from the following:

- Understanding Film
- Music
- Theater
- Introduction to Studio Art
- Visual Art

At least three (3) hours required from the following:

- World Literature I
- World Literature II
- Introduction to Fiction
- Introduction to Philosophy

Social Sciences – *Nine (9) hours required*

Three (3) hours required from the following:

- World Civilization I
- World Civilization II

Three (3) hours required from the following:

- United States History I
- United States History II
- United States Government

Three (3) hours required from the following:

- Macroeconomics
- Microeconomics
- World Civilization I*

- World Civilization II*
 - United States History I*
 - United States History II*
 - United States Government*
 - General Psychology
 - Human Growth and Development
 - Abnormal Psychology
 - Principles of Sociology
 - Social Problems
 - Cultural Anthropology
- *If not selected to meet another social science requirement.*

Electives – *Nineteen (19) hours required*

To complete the elective component of the degree, students may select from the following list any 19 hours of college-level credit not previously selected for general education requirements above. Students should be aware of degree requirements at institutions to which they may transfer and should take a relevant selection of courses to be chosen with the approval of their science/math academic advisor.

- Principles of Accounting I #
 - Biological Science/Lab
 - Biology for Majors/Lab
 - Principles of Zoology/Lab
 - Anatomy & Physiology I/Lab #
 - Anatomy & Physiology II/Lab #
 - Microbiology/Lab
 - Pathophysiology for Health Care #
 - Field Techniques in Science
 - College Chemistry I/Lab
 - College Chemistry II/Lab
 - Organic and Biochemistry/Lab #
 - Visual Basic Net Programming #
 - Introduction to Programming #
 - Macroeconomics
 - Physical Geology/Lab
 - Cell Biology w/Lab **
 - Genetics w/Lab**
 - Organic Chemistry I w/Lab **
 - Organic Chemistry II w/Lab **
 - Physics for Health Sciences
 - Trigonometry
 - Survey of Calculus
 - Calculus I
 - Calculus II
 - Calculus III
 - Statistics
 - Medical Terminology #
 - Physics for Health Science w/Lab #
 - General Psychology
 - Human Growth and Development
 - Abnormal Psychology
- **Lyon College course require several prerequisites and must be taken in proper sequence. See a science advisor for assistance.**

AS- GENERAL EDUCATION – Suggested Course Sequence

Following is one suggested sequence in which requirements for the Associate of Science degree in General Education may be completed within two years. Students are encouraged to consult with their advisors for a plan that best meets their needs. Course titles followed by (F) or (S) are offered only in the fall or spring semester respectively. **The sequence of courses greatly varies, depending on your major. You must be assigned to a science advisor to determine the proper sequence. Below is only a sample.**

Fall Semester (13 hours)

Course Number	Course Title	Credit Hours
__ ENG 1103	English Composition I	3
__ BIO 1101	Biological Science Laboratory	1
__ BIO 1103	Biology for Majors	3
__ FA	Fine Arts elective	3
__ MTH 1023	College Algebra	3

Spring Semester (16 to 17 hours)

__ ENG 1203	English Composition II	3
__ MTH 1013/Elective	Trigonometry or ASGE elective	3-4
__ BIO	Life Science Laboratory elective	1
__ BIO	Life Science elective	3
__ SOC 2003	Sociology	3
__ SPC 1003	Oral Communication	3

Summer Semester

If no LYON courses are used as electives, summer courses may be taken.

Fall Semester (16 to 17 hours)

__ HIS/POS	US History I/II or Am. Gov.elective	3
__ ENG	World Literature I/II	3
__ PSY 1003	General Psychology	3
__ CHM	Chemistry Lab elective	1
__ CHM	Chemistry elective	3
	ASGE elective	3-4

Spring Semester (15 to 17 hours)

__ HIS	World Civ. I/II elective	3
__ FA/ENG/PHI	Fine Arts or Humanities elective	3
__ PSY 2013	Human Growth and Development	3
__	ASGE elective	3-4
__	ASGE elective	3-4
	Total Hours	62-64

The following is a list of electives that may be used in the ASGE degree plan. These need to be selected with the help of a Math/Science advisor and knowledge of the transfer Institutions requirements.

ACC 1013	Principles of Accounting I (or higher) #	MTH 2015	Calculus II (S)
BIO 1103/1101	Biology for Majors/Lab	MTH 2024	Calculus III (upon demand)
BIO 1123/1121	Principles of Zoology/Lab (S)	MTH 2053	Statistics
BIO 2003/2001	Anatomy & Physiology I/Lab	OFA 1053	Medical Terminology
BIO 2013/2011	Anatomy & Physiology II/Lab	PHS 2014	Physics for Health Science w/ Lab (S)
BIO 2203/2201	Microbiology/Lab (F,S)	PSY 1003	General Psychology
BIO 2103	Pathophysiology for Health Care # (upon demand)	PSY 2013	Human Growth and Development
BIO 2301	Field Techniques in Science (S)	PSY 2023	Abnormal Psychology
CHM 1103/1101	College Chemistry I / Lab (F)	LYON BIO 250*	Cell Biology W/ Lab (F) (CHM I & II prereq) *
CHM 1123/1121	College Chemistry II / Lab (S)	LYON BIO 252*	Genetics W/ Lab (S) (BIO250 prereq) *
CHM 2113/2111	Organic and Biochemistry / Lab (S)	LYON CHM 210*	Organic Chemistry I w/ Lab (F) (CHM I & II prereq) *
CIS 2053	Visual Basic.net programming # (F)	LYON CHM 220*	Organic Chemistry II w/ Lab (S) (CHM 210 prereq) *
CIS 2043	Introduction to Programming # (F)		
ECN 2013	Macroeconomics		
GEL 1003/1001	Physical Geology/Lab (S)		
MTH 1013	Trigonometry		
MTH 2003	Survey of Calculus (S)		
MTH 2005	Calculus I (F)		

* UACCB students can take classes at Lyon College through the COPS agreement as elective courses.
Approved for specific majors only.

AS – GENERAL EDUCATION LIFE SCIENCES FOCUS (62 hours)

CORE REQUIREMENTS

English/Communication - *Nine (9) hours required*

- English Composition I
- English Composition II
- Oral Communication

Math

At least three (3) hours required from the following:

- College Algebra
- Or any higher level math course for which College Algebra is a prerequisite.*

Life/Physical Sciences - *Sixteen (16) hours required*

At least four (4) hours required from the following:

- Biology for Majors / Lab
- Principles of Zoology / Lab
- Microbiology / Lab

At least four (4) hours from the following:

- College Chemistry I / Lab
- College Chemistry II / Lab
- Physics for Health Sciences

Fine Arts/Humanities - *Six (6) hours required*

At least (3) hours required from the following:

- Understanding Film
- Music
- Theater
- Introduction to Studio Art
- Visual Art

At least three (3) hours required from the following:

- World Literature I
- World Literature II
- Introduction to Fiction
- Introduction to Philosophy

Social Sciences – *Nine (9) hours required*

Three (3) hours required from the following:

- World Civilization I
- World Civilization II

Three (3) hours required from the following:

- United States History I
- United States History II
- United States Government

Three (3) hours required from the following:

- Macroeconomics
- Microeconomics
- World Civilization I*
- World Civilization II*
- United States History I*
- United States History II*
- United States Government*
- General Psychology
- Human Growth and Development
- Abnormal Psychology
- Principles of Sociology
- Social Problems
- Cultural Anthropology

**If not selected to meet another social science requirement.*

Electives – *Nineteen (19) hours required*

Students should be aware of degree requirements at institutions to which they may transfer and should take a relevant selection of courses to be chosen with the approval of their science/math academic advisor.

- Principles of Accounting 1 #
- Principles of Zoology/Lab
- Anatomy & Physiology I/Lab #
- Anatomy & Physiology II/Lab #
- Microbiology/Lab

- Cell Biology w/Lab **
- Genetics w/Lab**
- Organic Chemistry I w/Lab **
- Organic Chemistry II w/Lab **
- Physics for Health Sciences
- Trigonometry
- Survey of Calculus
- Calculus I
- Calculus II
- Calculus III
- Statistics

For select majors only.

**Lyon College course require several prerequisites and must be taken in proper sequence. See a science advisor for assistance.

AS – GENERAL EDUCATION LIFE SCIENCES FOCUS – Suggested Course Sequence

Following is one suggested sequence in which requirements for the Associate of Science degree in General Education – Life Science Focus may be completed within two years. Students are encouraged to consult with their advisors for a plan that best meets their needs. Course titles followed by (F) or (S) are offered only in the fall or spring semester respectively.

Fall Semester (14 Credit Hours)

Course Number	Course Title	Credit Hours
__ ENG 1103	English Composition I	3
__ BIO 1101	Biological Science Laboratory	1
__ BIO 1103	Biology for Majors	3
__ CHM 1101	College Chemistry I Laboratory	1
__ CHM 1103	College Chemistry I	3
__ MTH 1023	College Algebra	3

Spring Semester (14 Credit Hours)

__ ENG 1203	English Composition II	3
__ MTH 1013	Trigonometry	3
__ BIO 1121	Zoology Laboratory	1
__ BIO 1123	Zoology	3
__ CHM 1121	College Chemistry II Laboratory	1
__ CHM 1123	College Chemistry II	3

The sequence of second year courses greatly varies, depending on your major.

The student must be assigned to a science advisor to determine the proper sequence.

Below is only a sample.

Fall Semester (18 Credit Hours)

__ MTH 2005	Calculus I	5
__ BIO 250*/CHM 210*	Cell Biology w/ Lab (LYON)	4
	or Organic CHM I w/ Lab (LYON)	
__ HIS/POS	US History I/II or Am. Gov.elective	3
__ FA	Fine Arts elective	3
__ SPC/PSY	Oral Comm/Psychology	3

Spring Semester (16 to 18 Credit Hours)

__ BIO 252*/CHM 220*	Genetics with Lab	4
	or Organic Chemistry II with Lab	
__ MTH/BIO	Math or Science elective	3-5
__ HIS	World Civ. I/II elective	3
__ ENG/PHI	Humanities elective	3
__ SPC/PSY	Oral Comm/Psychology	3
	Total Credit Hours	62-64

* UACCB students can take classes at Lyon College through the COPS agreement.

__	Social Science Elective	3
__	Math/Physical Science Elective	3-4
	Total	62-64 Hours

NOTE: UACCB also offers an Associate of Science Degree in General Education with an Agricultural Focus. Students that are interested in this degree program should see the Chair of the Division of Math and Sciences.

BUSINESS SERVICES

Whether you want to start your own business or advance in management, UACCB can provide you with a variety of courses that will provide you with academic and occupational skills to meet the demands and technological changes of today's business world. Several degree/certificate options are available for students seeking employment in the area of business services.

Associate of Applied Science Degree

- Business Services
 - Accounting Focus
 - Administrative Services Focus
 - Banking and Finance Focus
 - Business Administration Focus
 - Computer Information Systems/Networking Focus
 - Computer Information Systems/Web Design Focus
 - Entrepreneurship
 - Medical Office Management
 - Health Information Technology

Technical Certificates

- Business
 - Accounting Support
 - Banking and Finance
 - Clerical Services
 - Entrepreneurship
 - Software Applications
 - Web Design

Certificates of Proficiency

- Medical Billing and Coding
- Computer Information System/Networking

POSSIBLE JOB OPPORTUNITIES

Accounting

- general accountant
- accounts payable clerk
- accounts receivable clerk
- payroll clerk
- tax preparer

Administrative Services Focus

- administrative assistant
- administrative support specialist
- office manager
- information coordinator
- human resources assistant
- personal assistant
- customer service representative

Banking and Finance

- bank teller
- loan officer
- credit analyst
- insurance or investment agent

Business Administration

- office management
- retail services
- customer services
- sales
- human resources

CIS/Networking

- help desk operator
- PC operator
- LAN support operator
- information technology operator
- systems operator

CIS/Web Design

- web designers for public organizations
- web designers for private organizations
- careers involving the internet
- careers dealing with marketing and design

Entrepreneurship

- start your own business
- improve your current business

Health Information Technology

- health information manager for integrated systems
- clinical data specialist
- patient information coordinator
- data quality manager
- information security manager/officer
- data resource administrator
- research specialist

Medical Office Management

- medical office receptionists
- secretaries
- billing/insurance clerks
- transcriptionists
- medical office administrators in physicians' offices, urgent care centers, managed care organizations, nursing homes, and hospitals.

Criminal Justice

- law enforcement (local, state, federal)
- corrections (adult & juvenile)
- probation/parole
- social services
- legal field
- private security

Early Childhood Education

- center based preschool worker
- center based infant/toddler worker
- family childcare owner

AAS Accounting Focus (63 hours)

__ BUS 2043	Human Resource Management	3
__ OFA 2033	Administrative Office Procedures (S)	3
	Total Credit Hours	63

“After being out of school for five years I was very apprehensive about returning to school. Much to my surprise I found the instructors in the business department a great help in gaining confidence in myself and obtaining my degree. Their doors were always open to talk, whether it was about class work or something personal. They worked with me when I did not understand the material. Due exclusively to the helpful, accessible and friendly staff in the business department I have successfully completed my associates degree with honors.”

- Marcala T. Tucker

Technical Certificate Clerical Services – Suggested Course Sequence (36 hours)

Following is one suggested sequence in which requirements for a Technical Certificate in Business Services with a focus in Clerical Support may be completed in one year. Students are encouraged to consult with their advisors for a plan that best meets their needs. Course titles followed by (F) or (S) are offered only in the fall or spring semester respectively.

Fall Semester (18 Credit Hours)

__ ACC 1013	Principles of Accounting I	3

EARLY CHILDHOOD EDUCATION

The purpose of the AAS in Early Childhood Education is to provide students an educational experience that enables them to understand the intellectual, physical, social and emotional principles critical to working with pre-school children, along with the opportunity to apply this knowledge in practical experience with children. The curriculum covers such topics as the developmental stages of children; physical and nutritional needs; techniques of planning, communicating and working with children; understanding how children learn; and understanding the family and its impact on children. In order to be employed in a childcare facility, personnel must present evidence of a negative TB test to the employer.

AAS Early Childhood Education (63 hours)

General Education Core

- Introduction to Computers
- English Composition I
- English Composition II
- Intermediate Algebra or a higher-level math course
- General Psychology
- Principles of Sociology
- Oral Communication

Technical Education Core

- Foundations of Early Childhood Education*
- Child Development*
- Early Childhood Learning Environments*
- Practicum I
- Child Behavior and Guidance (S)
- Preschool Curriculum (F)
- Infant/Toddler Curriculum (S)
- Practicum II
- Program Administration (S)
- Seminar for Early Childhood Administrators (F)

* These courses must be enrolled in as a block.

Approved Electives (must complete 12 hours)

- Principles of Accounting I
- Principles of Management
- Human Resource Management
- Small Business Management (S)
- Computer Software Applications
- Special Topics in Early Childhood (listed below)
- Basic-EMT
- Social Problems
- Cultural Anthropology
- Spanish I
- Spanish II

Special Topics

- Art, Music and Creative Movement (odd years)
- Children's Literature (odd years)
- Language Arts for Children
- Social Studies & Multicultural Education for Preschool Children (even years)
- Math & Science for Preschool Children (even years)
- Occupational Childcare Services and Management

Technical Certificate Early Childhood Education (33 hours)

General Education Core

- Introduction to Computers
- English Composition I
- Intermediate Algebra or a higher-level math course

Technical Education Core

- Foundations of Early Childhood Education*
- Child Development*

- Early Childhood Learning Environments*
- Practicum I
- Child Behavior and Guidance (S)
- Preschool Curriculum (F)
- Infant/Toddler Curriculum (S)
- Practicum II

* These courses must be enrolled in as a block.

Certificate of Proficiency Early Childhood Education (9 hours)

The Early Childhood Education Certificate provides performance-based training covering such topics as professionalism, child development and behavior, the learning environment, and program management designed to meet academic requirements established by the Council for Early Childhood Professional Recognition for the Child Development Associate (CDA) credential. UACCB's Early Childhood Education curriculum provides 135 hours of instruction to prepare students to earn CDA certification in order to work in childcare and family day care settings. If the student has completed 480 hours working in a preschool, the student is eligible to take ECE1303 practicum I with the Early Childhood block of courses. To be eligible for admission, applicants must be admitted to UACCB and submit proof of negative TB test.

Major Courses

- Foundations of Early Childhood Education*
- Child Development*
- Early Childhood Learning Environments*

* These courses must be enrolled in as a block.

AAS Early Childhood Education – Suggested Course Sequencing

Following is **one** suggested sequence in which requirements for the Associated of Applied Science degree in Early Childhood Education may be completed within a two-year period. CRIMINAL JUSTICE

The Criminal Justice AAS degree program is designed to address the needs of three different types of students – those students wishing to begin a career in criminal justice/law enforcement; those already working in the field of law enforcement; and those students wishing to complete a program of study and transfer to a baccalaureate institution in order to complete a bachelor degree. The program is not intended to be a substitute for Police Academy training.

AAS Criminal Justice (63 hours)

General Education Core

- ___ English Composition I
- ___ English Composition II
- ___ College Algebra
- ___ General Psychology
- ___ Principles of Sociology
- ___ Oral Communication

Technical Education Core

- ___ Computer Software Applications
- ___ Introduction to Criminal Justice
- ___ Law Enforcement Ethics
- ___ Criminal Procedures and Evidence
- ___ Criminal Investigations
- ___ Police Community Relations
- ___ Arkansas Criminal Law
- ___ Introduction to Forensic Science
- ___ Juvenile Justice
- ___ Legal Writing
- ___ United States Government

Approved Electives (must complete 12 hours)

- ___ Abnormal Psychology
- ___ Principles of Accounting I
- ___ Legal Environment of Business
- ___ Human Resource Mngmt.
- ___ Introduction to Computers
- ___ *Special Topics in Criminal Justice
- ___ Basic-EMT
- ___ Music
- ___ Theater
- ___ Visual Art
- ___ United States History I
- ___ United States History II
- ___ Social Problems
- ___ Cultural Anthropology
- ___ Spanish I
- ___ Spanish II
- ___ Any General Science Course

NOTE: The Division Chair of Business, Technology and Public Service may specifically approve other courses if they meet a student's specific educational objective.

*Up to six hours equivalent credit in Special Topics will be given to persons for a combination of a certificate of completion from the Arkansas Law Enforcement Training Academy and other approved professional development hours.

Criminal Justice Institute Training for Current Police Officers

In partnership with the Criminal Justice Institute of the University of Arkansas System, UACCB provides career-training opportunities for men and women who are currently employed in the criminal justice field. Students enrolling in the CJI training program must complete the enrollment process as described in the Admissions section of this catalog. Students must independently enroll with the CJI to complete the CJI courses.

Students completing the CJI training and a general studies body of courses will be eligible to obtain a certificate of proficiency, technical certificate and associate of applied science degree in Crime Scene Investigation and Law Enforcement Administration. Please refer to the student's advisor for more information.

AAS Criminal Justice – Suggested Course Sequencing

Following is **one** suggested sequence in which requirements for the Associated of Applied Science degree in Criminal Justice may be completed within a two-year period. Students are encouraged to consult with their advisor for a plan that best meets their needs. Course Titles followed by (F) or (S) are offered only in the fall or spring semester respectively.

“I really like UACCB’s Criminal Justice Program. Mr. Solis teaches the material in such a way that the students not only learn the material, but they have a desire to know more as well.”

- Megan Paull

GENERAL TECHNOLOGY

The General Technology AAS degree program is an individualized program of study in which students select courses from two or more technical disciplines and develop a coherent technical program. With both a major technical focus and support courses directly related to a career objective, students can tailor the degree program to meet their specific needs. In order to earn the AAS in General Technology, students must complete a general education core consisting of:

CIS	1003	Introduction to Computers	3
ENG	1103	English Composition I	3
ENG	1203	English Composition II	3
MTH	0013	Intermediate Algebra or higher-level math course	3
		Social Science Elective	<u>3</u>
			15

In addition to the General education core courses, degree-seeking General Technology students must complete a minimum of 24-semester credit hours from one of the following technical majors:

- Accounting
- Administrative Services
- Aviation Maintenance
- Computer Information Systems/Networking
- Computer Information Systems/Web Design
- Early Childhood Education
- Electrician Apprenticeship
- Entrepreneurship
- Industrial Electronics Technology
- Industrial Equipment Maintenance Technology
- Industrial Technology PC Hardware Repair
- Banking and Finance
- Business Administration
- Medical Office Management
- Health Information Technology

In order to complete the General Technology degree program, the student will select a minimum of 24 credit hours in a minor area of study. Each student enrolling in the General Technology degree program will be required to develop a degree plan indicating his/her major and minor. **The student's program of study must be approved by the appropriate Division Chair.**

INDUSTRIAL TECHNOLOGY

The College's Industrial Technology program is designed to provide students with the technical expertise and general knowledge necessary for successful employment in the manufacturing field. Students can choose from several focus areas and obtain a certificate of proficiency, a technical certificate and/or an associate of applied science degree.

Associate of Applied Science Degree

- Aviation Maintenance
- Industrial Technology
 - Industrial Equipment Maintenance Technology Focus
 - Industrial Electronics Technology Focus
 - Industrial Manufacturing Focus
 - PC Hardware Repair Focus

Technical Certificates

- Industrial Technology
 - Industrial Electronics Technology
 - Industrial Equipment Maintenance Technology
 - Manufacturing Technology
 - PC Hardware Repair

Certificates of Proficiency

- Industrial Technology
 - Industrial Electronics Technology
 - PC Hardware Repair
 - Industrial Technology Manufacturing
 - Industrial Technology Equipment Maintenance

AAS Industrial Electronics Technology Focus (63 Credit Hours)

General Education Core

- Introduction to Computers
- English Composition I
- English Composition II **OR**
- Technical Writing*
- Intermediate Algebra or a higher level math course
- Social Science Elective

*It is strongly recommended that Industrial Technology students take ENG 1303 Technical Writing.

Technical Education Core

- Intro to Manufacturing Technology
- Blueprint/Schematic Reading
- Industrial Safety
- Computer Software Applications

OR

Major Courses

- Introduction to Electronics
- Programmable Controls
- Semiconductor Fundamentals
- Digital Technology
- Basic Electronics II
- Microprocessors
- AC/DC Motor Controls
- Robotics
- Industrial Instrumentation

Technical Education Core

AAS AVIATION MAINTENANCE FOCUS

The Doyle “Rog” Rogers, Jr., Aviation Maintenance Technology Program is designed to prepare students for a career in the maintenance and repair of various aircraft. This program is designed to give students the knowledge and skills required to pass the Federal Aviation Administration written, oral, and practical examinations for an airframe and powerplant (A&P) mechanics license. Aircraft technicians are required to perform preventive maintenance and troubleshoot, repair, install, or replace parts relative to airframes and engines. Students will learn both fixed and rotary wing aircraft as well as reciprocating and turbine engines.

NURSING AND ALLIED HEALTH

All students who complete any program within the Division of Nursing and Allied Health will be required to complete an FBI criminal background check prior to being eligible to apply for certification and/or licensure in the respective program. Previous conviction of a crime may prohibit the student from being eligible for certification/licensure. Please see the Chair of the Nursing and Allied Health Division if further information is needed.

All science courses must have been taken within the past five years to be eligible for any Nursing and Allied Health program. If taken more than 5 years ago, approval by the Chair of the Nursing and Allied Health Division is required.

Nursing and Allied Health courses are delivered in English. Applicants who have limited English proficiency are encouraged to meet minimally acceptable scores on the Test of English as a Foreign Language (TOEFL) or complete an English as a Second Language course. Applicants not meeting this criteria are required to meet with the Nursing and Allied Health Division Chair.

All students enrolled in any program in the Division of Nursing and Allied Health will be required to complete mandatory drug screening and are subject to random drug screenings throughout the course of study.

AAS EMT-Paramedic

The Emergency Medical Technician-Paramedic AAS Program consists of three semesters of concentrated study including classroom instruction, hospital clinical experiences and field internship with an Advanced Life Support ambulance service. Students completing the three semesters of EMT-Paramedic courses with a grade "C" or higher and 41 hours of general education requirements receive an associate of applied science degree.

To be eligible for admission to the Paramedic Program, the applicant must:

- Be enrolled at the College.
- Submit a completed application for admission.
- Submit ASSET, COMPASS, SAT or ACT Test Scores.
- Submit official transcripts and other official records for all previous colleges attended. One copy of the transcript should be submitted to the Enrollment Center.
- Have completed required prerequisite courses with a grade of "C" or above. If the applicant's test scores indicate the need for developmental course work, appropriate course work must also be completed.
- Provide copies to the Division of Nursing and Allied Health of current EMT-B or EMT-I certification by the end of the first semester and American Heart Association Healthcare Provider Basic Life Support Certification. (Students must maintain certification throughout the program.)
- Provide the following proofs of immunization to the Division of Nursing and Allied Health: MMR and the Hepatitis B series. Documentation of a current negative TB skin test or appropriate treatment for a positive skin test must also be provided.

To be eligible to apply for the National Registry Exam, students must be 18 years of age and have completed the GED or have a high school diploma. To be eligible to work for an ambulance service, paramedic graduates must be at least 21 years of age.

Technical Certificate EMT-Paramedic (61 Credit Hours)

The EMT-P Technical Certificate Program consists of three semesters of concentrated study including classroom instruction, hospital clinical experiences and field internship with an Advanced Life Support ambulance service.

To be eligible for admission to the Paramedic Program, the applicant must:

- Be enrolled at the College.
- Submit a completed Application for Admission form to the EMT-Paramedic program.
- Submit ASSET, COMPASS, SAT or ACT test scores.
- Submit official transcripts and other official records for all previous colleges attended. One copy of the transcript should be submitted to the Enrollment Center.
- Have completed required prerequisite courses with a grade of “C” or above. If the applicant’s test scores indicate the need for developmental course work, appropriate course work must also be completed.
- Provide copies to the Division of Nursing and Allied Health of current EMT-B or EMT-I Certification and American Heart Association Healthcare Provider Basic Life Support Certification. Students must maintain certification throughout the program.
- Provide the following proofs of immunization to the Division of Nursing and Allied Health: MMR and the Hepatitis B series. Documentation of a negative TB skin test or appropriate treatment for a positive skin test must also be provided.
- All students enrolled in any program in the Division of Nursing and Allied Health will be required to complete mandatory drug screening and is subject to random drug screenings throughout the course of study.

The Paramedic Technical Certificate is awarded to students who:

- Earn a “C” (76%) or above in each required course in the Paramedic curriculum.
- Fulfill all Paramedic program requirements.
- Complete all the requirements prescribed in the UACCB graduation requirements.

Emergency Medical Technician-Basic

A one-semester course serving as an introduction to the study of emergency medical services and the basic principles, procedures, and techniques of prehospital emergency care. The emphasis of this course is to provide the student with a basic knowledge of human anatomy and physiology, spinal immobilization techniques, basic splinting and wound management. Successful completion of this course prepares the student to apply for the National Registry EMT-B Examination. Certification as an EMT-B is required for selection to the Paramedic Program.

To be eligible for admission to the program applicants must:

- Be enrolled at the College.
- Be at least 18 years of age.
- Complete application to the program.
- Be certified in American Heart Association Healthcare Provider Basic Life Support to the Division of Nursing and Allied Health.
- Submit ASSET, COMPASS, SAT or ACT test scores.
- Submit official high school transcript, GED or ability-to-benefit test scores to the Division of Nursing and Allied Health.
- Provide the following proofs of immunization: measles and rubella and the Hepatitis B series. Documentation of a negative TB skin test or appropriate treatment for a positive skin test must also be provided.
- All students enrolled in any program in the Division of Nursing and Allied Health will be required to complete mandatory drug screening and is subject to random drug screenings throughout the course of study.

The EMT-B Certificate of Proficiency is awarded to students who:

- Earn a "C" (76%) or above in the EMT-B curriculum.
- Fulfill all EMT-B program requirements.
- Complete all the UACCB graduation requirements.

To be eligible to apply for the National Registry EMT-B Certification Examination, the student must be 18 years of age and have completed the GED or have a high school diploma.

***NOTE: Students that hold First Responder Certification are exempt from Health Skills I.**

AAS Registered Nursing (LPN to RN Degree)

The Division of Nursing and Allied Health provides an associate degree education for those qualified individuals who want to provide direct patient care as members of the health care delivery system. Graduates of the 11-month program are eligible to apply to take the National Council Licensure Examination for Registered Nurses. To be eligible for selection, the student must:

- Submit an application to the program.
- Be enrolled at the College.
- Be a high school graduate or successfully pass the GED.
- The written application for admission must be renewed yearly.
- Complete the ACT, SAT, ASSET or COMPASS test required by the College.
- Submit official transcripts and other official records for all previous colleges attended. One copy of the transcript should be submitted to the Enrollment Center.
- Submit an official LPN transcript to the Enrollment Center.
- Hold a current unencumbered Arkansas Practical Nursing License to the Division of Nursing and Allied Health.
- Successfully pass appropriate Nursing and Allied Health entrance examinations.
- Provide the following proofs of immunization to the Division of Nursing and Allied Health: MMR and the Hepatitis B series. Documentation of a negative TB skin test or appropriate treatment for a positive skin test must also be provided to the Enrollment Center and to the Division of Nursing and Allied Health.
- Complete all required prerequisite courses with a grade of “C” or better. A cumulative GPA of 2.0 or higher is required for admission into the program.
- All documents including the application are due **prior** to taking the NET Exam. Students should contact the Division of Nursing and Allied Health the first part of September to schedule the NET Exam.

Students who are taking prerequisites at the time of application may be selected for **conditional** admission. Any student who is admitted conditionally due to lack of completed prerequisites must submit an official transcript to the UACCB Registrar that indicates all prerequisite courses have been completed with a grade of C or higher. The student failing to meet all admission criteria will not be admitted and will not be allowed to attend the RN program courses.

During the program:

- Complete all required corequisite courses with a grade of “C” or better.
- Have American Heart Association Healthcare Provider Basic Life Support to the Division of Nursing and Allied Health. (Students must maintain certification throughout the program.)
- As required by the Arkansas State Board of Nursing, students will be required to complete an FBI criminal background check prior to being eligible to apply for the NCLEX-RN.
- All students enrolled in any program in the Division of Nursing and Allied Health will be required to complete mandatory drug screening and are subject to random drug screenings throughout the course of study.

An Associate of Applied Science Degree is awarded to students who:

- Earn a “C” (76%) or above in each required course in the LPN to RN Program.
- Fulfill all LPN to RN Program requirements.
- Complete all of the requirements outlined in the UACCB graduation requirements.

Additional requirements for the Online LPN to RN Program:

- Must have reliable access to the internet off campus, an email account, Microsoft Office and Windows XP or 2007.

Note: **All** documents are due prior to taking the Nursing and Allied Health entrance examination.

*After successful completion of the program, each student receives 8 credit hours for his/her practical nursing education.

Practical Nursing

The Practical Nursing technical certificate program combines classroom instruction with clinical experience. The course of study meets the requirements of the Arkansas State Board of Nursing for practical nursing programs. Upon successful completion of the program, graduates may be eligible to apply for the National Council of Licensure Examination to become a Licensed Practical Nurse (LPN). There is no advanced placement in this program.

To be eligible for admission the student must:

- Be enrolled at the College.
- Complete an application for admission to the Practical Nursing Program by **May 1**.
- Be a high school graduate or successfully completed the GED.
- Fulfill selection process criteria.
- Have completed required prerequisite courses with a grade of "C" or above. If the applicant's test scores indicate the need for developmental course work, appropriate course work must also be completed.
- Provide the following proofs of immunization: MMR and the Hepatitis B series. Documentation of a negative TB skin test or appropriate treatment for a positive skin test must also be provided.
- Have American Heart Association Healthcare Provider Basic Life Support. Provide proof to the Nursing and Allied Health Division.
- As required by the Arkansas State Board of Nursing, students will be required to submit a criminal background check by the FBI prior to being eligible to apply for the NCLEX-PN.
- All students enrolled in any program in the Division of Nursing and Allied Health will be required to complete mandatory drug screening and is subject to random drug screenings throughout the course of study.
- Complete the Aptitude for Practical Nursing entrance exam.

The Practical Nursing Technical Certificate is awarded to students who:

- Complete all of the requirements prescribed in the UACCB graduation requirements.
- Earn at least a "C" (76%) in each section of coursework in the Practical Nursing Curriculum.
- Fulfill all Practical Nursing program requirements.

Practical Nursing Course Requirements

Course requirements for the Practical Nursing Program are:

Required Prerequisites	Credit Hours
___ *BIO 1013 Essent. of Anatomy and Physiology	3
___ *BIO 1011 Essent. of Anatomy and Physiology Lab	1
___ ENG 1103 English Composition I	3
___ MTH 0003 Beginning Algebra (or higher level Math)	3
___ NAH 1507 Health Skills I	7
___ NAH 2303 Pharmacology	3
___ OFA 1053 Medical Terminology	3
CREDIT HOURS	23

*Students who have completed BIO 2003/2001 (Anatomy and Physiology I/Anatomy and Physiology I Lab) and BIO 2013/2011 (Anatomy and Physiology II/Anatomy and Physiology II Lab) will not be required to take BIO 1013/1011 (Essentials of Anatomy and Physiology/Essentials of Anatomy and Physiology Lab).

Fall Semester

___ NUR 1119	Nursing I	19
--------------	-----------	----

Spring Semester

___ NUR 1218	Nursing II	18
--------------	------------	----

Summer Semester

___ NUR 1308	Nursing III	8
	Total Credit Hours	68

NOTE: Students who are certified nursing assistants will be exempt from Health Skills I.

Nursing Assistant Program

The Nursing Assistant program is a seven-credit hour Certificate of Proficiency program combining classroom instruction with clinical training. This program meets the certification requirements of the Arkansas Department of Human Services, Office of Long-Term Care. The University of Arkansas Community College at Batesville's curriculum provides instruction with emphasis on technical skills, professional relationships, and workplace ethics.

Graduates of the program are eligible to apply for the written and skills test to become a Certified Nursing Assistant (CNA). Graduates are prepared to work in long-term care, acute-care, and home-health care settings.

All students who complete any program within the Division of Nursing and Allied Health will be required to complete an FBI criminal background check prior to being eligible to apply for certification and/or licensure in the respective program. Previous conviction of a crime may prohibit the student from being eligible for certification/licensure. Please see the Chair of the Nursing and Allied Health Division if further information is needed.

To be eligible for admission, applicants must:

- Be enrolled at the College.
- Submit an official high school transcript, GED, or ability-to-benefit test scores.
- Submit ASSET, SAT, COMPASS or ACT scores.
- Provide the following proofs of immunization: MMR. Documentation of a negative TB skin test or appropriate treatment for a positive skin test must also be provided. Hepatitis B vaccine is desirable but not essential to start the program.

Course Requirements

			Credit Hours
__ CNA	1107	Nursing Assistant Training* <u>or</u>	7
__ NAH	1507	Health Skills I	7

*The Certificate of Proficiency – Nursing Assistant is awarded to students who earn at least a “C” in this course.

Cooperative Program

Respiratory Care (Associate of Science degree)

The Respiratory Care Program is offered through a partnership between UACCB and the University of Arkansas for Medical Sciences (UAMS). Following satisfactory completion of all respective degree requirements, UAMS is authorized to award the Bachelor of Science degree with a major in respiratory care. The entire curriculum required for the BS degree program is available at the UACCB campus. Students complete the professional course work using distance education technology, primarily interactive video-conferencing supplemented by WebCT via the Internet.

In addition to the lecture courses taught by UAMS faculty by videoconference, students complete respiratory care laboratory courses at UACCB directed by a UACCB faculty member who also holds a faculty appointment at UAMS. Clinical education experiences are provided at facilities at or near Batesville, though students would be required to travel to Searcy, Little Rock, or other locations for some clinical rotations during summer terms.

Students may complete all or part of the required general education and prerequisite courses locally at UACCB or at another regionally-accredited college or university. Students are required to make a separate application to UAMS for admission to the professional curriculum. Students accepted into the professional program in Respiratory Care become UAMS students, follow the UAMS calendar, pay tuition and fees based on the UAMS scale, and therefore, receive all professional course credit from UAMS. Upon satisfactory completion of all degree requirements, UAMS confers the BS degree.

Students who complete the prerequisites at UACCB may complete the AS general education degree requirements with the modifications listed below to meet the UAMS degree requirements.

English/Communications - 9 Credit Hours

ENG 1103 English Composition I
ENG 1203 English Composition II
SPC 1003 Oral Communication

Math - 3 Credit Hours

MTH 1023 College Algebra
Or any higher level math course for which
College Algebra is a prerequisite

Life/Physical Sciences - 16 Credit Hours

BIO 2003 / 2001 Anatomy and Physiology I/Lab
BIO 2013 / 2011 Anatomy and Physiology II/Lab
BIO 2203 / 2201 Microbiology/Lab
PHS 2014 Physics for Health Sciences

Fine Arts/Humanities - 6 Credit Hours

One course from the following:

FAM 2003 Music
FAT 2013 Theater
FAV 2023 Visual Art

One course from the following:

ENG 2113 World Literature I
ENG 2213 World Literature II
PHI 1003 Introduction to Philosophy
POS 2103 United States Government

Social Sciences – 9 Credit Hours

HIS 1013 World Civilization I
HIS 1023 World Civilization II
One course from the following:
HIS 2003 United States History I
HIS 2013 United States History II
POS 2103 United States Government

UAMS prescribes these electives - 13 Credit Hours

CHM 1003/1001 Fundamentals of Chemistry /Lab
(or higher)
