In addition to the General Education core courses, degree-seeking General Technology students must complete a minimum of 24-semester credit hours from one of the following technical majors:

- Accounting
- Administrative Services
- Computer Information Systems/Networking
- Computer Information Systems/Web Design
- Electrician Apprenticeship
- Industrial Electronics Technology
- Industrial Equipment Maintenance Technology
- Industrial Technology PC Hardware Repair

In order to complete the General Technology degree program, the student will select a minimum of 24 credit hours in a minor area of study. The Chair of the Business, Technology, and Public Service division must approve the student's program of study.

Each student enrolling in the General Technology degree program will be required to develop a degree plan indication his or her major and minor. The degree plan will require approval of the Division Chair of Business, Technology, and Public Service.
