

Questions and Answers

RFP #2021-05

Electricity:

The following accounts are listed without a square footage or building name on the facility list

149683575 Highland Adult Ed Highland 1800 sqft

84221688 Childcare Fire Training 2500 sqft

5452875 BCO/Storage Could be with Maintenance? Main Campus/Current Adult Ed 2500 sqft

5452222 Mod Nlgt Outdoor area lighting?? Lights in north gravel parking area. (Behind Adult Ed.)

7259492 Trk Nlgt Outdoor area lighting? Lights by Fire training building.

Water:

Units are listed as water (in hundreds) is this gallons or cubic feet? Not sure Someone would have to look at account, probably by gallons.

The following account is listed without a square footage or building name on the facility list

922-00038-00 Childcare Center Fire training building. 2500 sqft

Are these sprinkler accounts irrigation or life safety (One account would be irrigation and the other would be for life safety but I do not know which account numbers reflect which.)

922-00040-00 Sprinkler Library

922-00043-00 Sprinkler #2

922-00044-01 NAH Sprinkler

922-00049-00 Sprinkler #1

General questions:

The NAH and the New NAH are listed separately on the utility information. Should they be added together to encompass the 40,669 Ft2? (Yes, NAH totals 40, 699 sqft.)

The Annex has no electricity or natural gas listed what is this annex associated with? (Not sure why there is no account showing. This building also has separate meter for each, water and gas.) (This would be the "old" nursing building.)
