

Conditional Admissions Policy and Requirements

Campus Procedure 500.0

Student Affairs

I. Purpose and Scope

The purpose of this procedure is to identify the process by which students are admitted on a conditional basis to UACCB.

II. Definitions

Unconditional Admissions

A student admitted unconditionally is a student admitted to the institution without requirements, conditions, or restrictions placed on initial enrollment status.

To receive unconditional admissions, the student must have:

1. A high school diploma, have successfully completed the high school core curriculum, and a minimum composite score of 15 on the ACT.
2. A minimum composite score of 19 on the ACT.

Conditional Admissions

All students graduating after May 1, 2002, from Arkansas high schools, out-of-state schools, home schooling, or private high schools and GED recipients shall be evaluated for the purpose of determining conditional, unconditional, conditional-prep admissions status. Act 1290 of 1997 (A.C.A. § 6-60-208) requires students to have completed the core curriculum or an equivalent standard for unconditional admission to a college.

III. Procedure

Conditional Admission: A student admitted conditionally is a student admitted to an institution with certain requirements, conditions, or restrictions placed on initial and/or future enrollment status.

1. A student seeking an Associate of Arts, Associate of Science, or Associate of Arts in Teaching degree who fails to successfully meet standards for unconditional admission will be admitted as a conditional student. The student must complete twelve (12) hours of core academic courses and any necessary remedial courses with a cumulative grade point average of 2.0 within the first 30 semester hours.

2. A student seeking an Associate of Applied Science degree who fails to successfully meet standards for unconditional admission will be admitted as a conditional student. The student must complete six (6) hours of core academic courses and six (6) hours of technical courses required for the Associate of Applied Science degree and any necessary remedial courses with a cumulative grade point average of 2.0 within the first 30 semester hours.

3. Students enrolling in non-credit courses, Certificate of Proficiency programs, or Technical Certificate programs are exempt from these requirements. Students who are admitted conditionally and do not earn a 2.0 grade point average and/or do not complete the required coursework by the end of the 30-semester credit hour time period will be allowed to re-enroll with limited course enrollment until the deficiency is removed.

Transcripts of out-of-state and private in-state school graduates will be evaluated for meeting the standards of unconditional admission. Those students not meeting the requirements will be admitted conditionally.

The Registrar's Office will review applicants' transcripts and scores and inform students of their admissions status prior to enrolling in course.

The Admissions Office will be responsible for admitting students as either conditional or unconditional and will notify conditionally admitted students of the academic requirements and standards they must meet.

The Registrar's office will be responsible for monitoring conditionally admitted students' progress toward meeting the required academic requirements and standards.
