

IDENTITY THEFT PROTECTION

Every 2 Seconds, Identity Theft Strikes

You probably don't leave your house or car unlocked. But many of us do exactly that with our most valued assets - our personal and financial information. **Without a watchful eye, your credit cards, bank accounts, personal details, and reputation can end up in the wrong hands.** Don't become the cybercriminals' next victim.

Protect yourself and your family with award-winning credit and identity monitoring, all backed by our **100% Resolution Guarantee** and **\$1 million in expense reimbursement insurance.**

UNIVERSITY OF ARKANSAS SYSTEM

Identity Theft Reached Record Levels in 2016

- Instances of identity theft affected over 15 million victims in 2016, totaling \$16 billion in losses.
- The average victim spends \$9,650 and 330 hours trying to resolve the issue on their own.
- 50% of victims have trouble obtaining new loans and credit, and 12% have arrest warrants issued in their names.

Stop Cybercriminals in Their Tracks
