The University of Arkansas Community College at Batesville (UACCB) is proud to offer Kids' College 2019. Kids' College is a summer academic enrichment program designed to spark the imagination and expand the knowledge of youth who will enter grades 1-6 in the fall of 2019. Kids' College is **July 8-12** for students entering grades 1-3; **July 15-19** for students entering grades 4-6. This year's theme is "Made In America." Potential instructors are encouraged to design classes that celebrate our homeland's national landmarks, freedom, democracy, commerce or culture. Classes offered should include hands-on activities and projects that incorporate science, technology, engineering, math, art, theater or language. Please include 3-4 learning outcomes with each of your course proposals. **You can submit up to 4 (four) class proposals.** First year instructors are paid \$25/hour. With prior approval, UACCB will furnish copies, supplies and materials for classes. Most classrooms are equipped with smartboards upon request. Classes are limited to approximately 14-16 students. Volunteers are generally available to assist teachers with specific needs.
